Test before you Commit

Our research has led us to believe that not all people can be effective security and criminology investigation managers or investigators for that matter.

The reasons are spelt out in the e-textbook/manuscripts that are included with the HIM e-Connect Training tool. **If trained correctly** a learner could overcome the issues that impact a professional investigator or investigation manager.

Subsequently, it is advised that before any learning commitment or investment – the learner should obtain the HIM e-Connect Training tool. This can be done by download the tool or participating in a virtual workshop which includes the tool.

Thereafter, some learners may wish to do certification 3 or 4 which will provide credit
